

“An invitation to grow together”

Our History

September 16th, 1961

Back in 1961, Werner Ricardo Voigt, Eggon João da Silva and Geraldo Werninghaus decided to **join efforts** to create a company.

These men did not just create a company. They created a complete **culture** of doing business that is **focused on people**.

Werner Ricardo Voigt
Eggon Joao da Silva
Geraldo Werninghaus

Production

From our first motor manufactured in 1961 to over **10 million** motors manufactured every year.

- The world's largest electric motor manufacturing plant is in Jaraguá do Sul, Brazil
- Power of all generators manufactured by WEG equals over 32,000 MVA (twice Itaipu's hydroelectric plant capacity)
- Over 1,250 tons of powder coatings and 800 tons of liquid coatings are produced each month

WEG Museum
(first building)

Sales Agents, Distributors and Service in **over 110 countries**

Industry segments

Today, WEG offers solutions for a wide variety of **industrial segments**

- Oil & Gas
- Marine
- Mining, Cement and Aggregate
- Sugar & Ethanol
- Pulp & Paper
- Steel
- Infrastructure
- Energy
- Food & Beverage
